New Beginnings

As we move into a new academic year, all of the incredible pupils are moving into a fresh year; new subjects, more trips and a variety of amazing opportunities.

New Employment

Following the departure of the original newspaper team, a new faction (team) of hard-working individuals (Hayley the editor, Molly the publisher, the pair of journalists named Caleb and Isaac and finally the photographer Joe) have decided to take the places of these inspiring characters. New opportunities around school are: Reading Ambassadors, Handwriting Helpers, Sports Leaders (Yr6 exclusively), School Councillors, Wellbeing Ambassadors as well as many diverse roles for your liking.

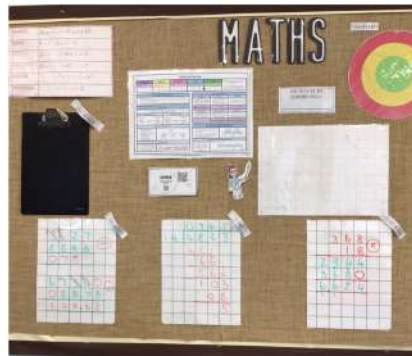

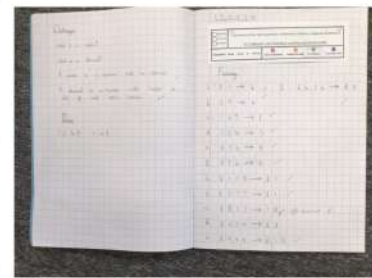

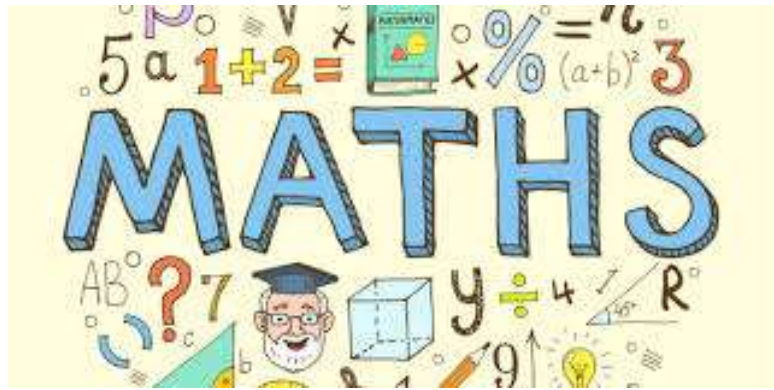

Class Learning

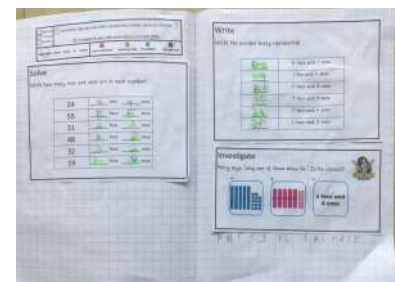

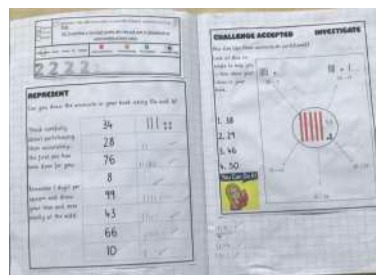

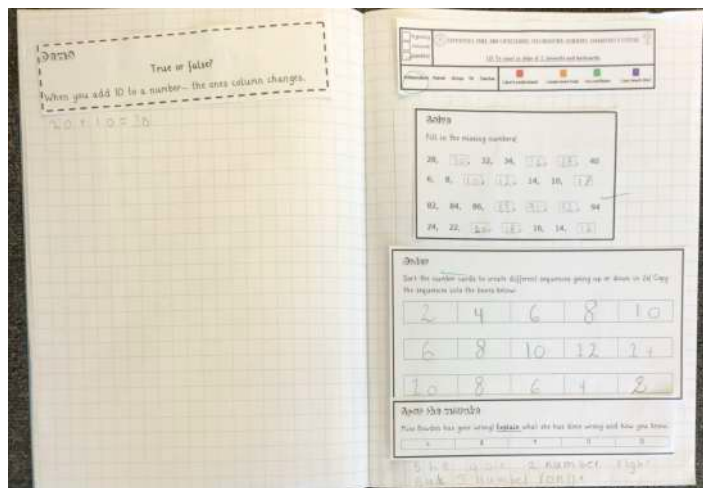

In upper Key Stage 2 we want to show the amazing work in Maths especially including rounding. This is a more notable subject as it has been a prioritised area of learning. As such, we focus on trying to advance our knowledge on this idea. Following, as well as focusing on this, we should concentrate on other subjects to.

The World News

From the 31st of March next year onwards, the Rotherham Government will be providing a food waste disposal service to the citizens of Rotherham. Following, reports have arisen of a job that pays £3 an hour. Rotherham council has said it will help firms meet the new regulations by appointing a contractor to operate the service.
